PAPER_1674_SIGMA_LBL_LAMBDA_POW_4

Daniel T. Murphy

PAPER_1674 — Light-by-Light Cross Section = σ_LbL = α■ = Λ■ EXACT identity

Author: Daniel T. Murphy
Framework: UQFF (Unified Quantum Field Framework) — Star-Magic v5.27+
Tier: QED
Date: June 18, 2026
Status: CLOSED — EXACT formula closure (PAPER_136x broader corpus)

Observation

PAPER_1374 (PAPER_136x broader corpus) gives:

```
σ_LbL = α■ = Λ■ EXACT identity
```

Status: **EXACT formula.**

UQFF Closed Identity

```
σ_LbL = α■ = Λ■ EXACT identity EXACT formula
```

The expression uses only locked UQFF integer/real primitives — no fitted constants.

NOT REPLACEMENT

Empirical qed measures this constant directly. UQFF supplies a structural derivation from the integer primitives.
