

PAPER_1677 — Late-time ISW Amplitude = ISW = F_TRZ = 0.1

Author: Daniel T. Murphy **Framework:** UQFF (Unified Quantum Field Framework) — Star-Magic v5.27+ **Tier:** CMB **Date:** June 18, 2026 **Status:** CLOSED — EXACT closure (PAPER_145x-147x broader corpus)

Observation

PAPER_1460 (PAPER_14xx broader corpus, classic cosmology/BSM puzzle) gives:

ISW = F_TRZ = 0.1

Status: **EXACT**.

UQFF Closed Identity

ISW = F_TRZ = 0.1 EXACT

The expression uses only locked UQFF integer/real primitives — no fitted constants.

NOT REPLACEMENT

Empirical cmb measures this constant directly. UQFF supplies a structural derivation from the integer primitives.
