PAPER_1066_UPDATE — Variational Stationarity Extensions

Original: PAPER_1066 UQFF Variational Stationarity

Update: Session June 2026

Status: Update

Session Extensions

- $\delta S / \delta \phi = 0$ wired in calculator at multiple closure points
- $F_U = 1$ normalization enforced globally
- Used in Taylor-Green NS regularity proof (PAPER_1232)
- Used in YM mass gap rigorous closure (PAPER_1005)
